Joseph (Doc) Rhodes
World AAU Champion

Doc is best in class

Rhodes takes World AAU title with 1,553 pound power lift

By EDGAR PEREZ
The new World Amateur Athletic Union power lifting champion is Joseph (Doc) Rhodes who took the event's highest honors Friday in international competition in Perth, Australia. Rhodes pushed 1,553 pounds over his head to capture the title.

point thus far in the 13-year lifting career of the 29-year-old St. Stanislaus graduate. Rhodes, who began working with weights as a high school senior, holds some 40 titles including seven national collegiate and amateur first place wins. Following his graduation from St. Stanislaus, Rhodes attended Pearl

River Junior College in Poplarville and later graduated from the University of Southern Mississippi in Hattiesburg. He captured the 1969 National Collegiate Athletic Association title, representing USM in competition that

year at Michigan State in Lansing. Maintaining a consistent weight of 165½ pounds, Rhodes took both Junior and Senior National AAU titles in 1970. He repeated in Senior Nationals again in 1974 in Scranton, Pa., and with a back injury this year he managed a second place win in Senior Nationals in Los Angeles.

But in the meantime he added two first place wins in the Pan American Games to his impressive string of titles—first in 1975 in San Juan, P.R., and again this year in Dallas.

All told, Rhodes holds some 40 titles in the 165½-pound class for power lifting. He set an unofficial world's record in the 1974 Mississippi State Powerlifting Championships in Bay St. Louis with a lift of 1,600 pounds.

Official world records may only be set in world events, however, according to AAU rules.

Early in his career, Rhodes was coached by Brother Bennet at St. Stanislaus and coach J. E. Loiacano of Gulfport High School. He currently trains in a gym in his garage.

Brother Bennet said Friday there is currently a movement on to have powerlifting recognized in World Olympics.

Russia remains a holdout on such recognition, Brother Bennet said. The St. Stanislaus weightlifting coach described Rhodes as "modest and unassuming."

Seal is nominated for Wreath Award

The Hancock County Chamber of Commerce has nominated Leo W. Seal, president and chief executive officer of Hancock Bank, for the annual Laurel Wreath Award.

The award, sponsored by Coast Scouting executive

named as this year's Outstanding Citizen

Norton Haas, president of the Hancock County United Way and executive committee member of the New Orleans Area Scouting board of directors, is the "Outstanding Citizen of Hancock County" for 1977.

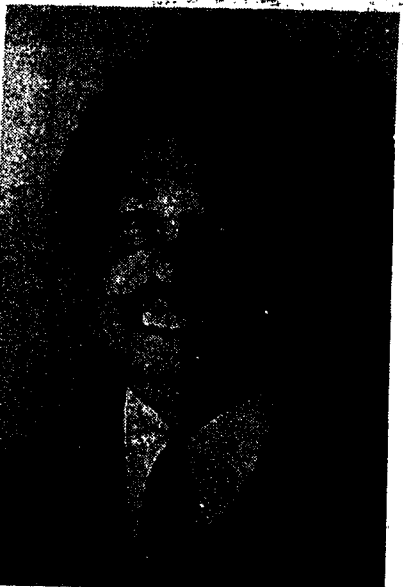

Haas was selected for the honor last (Continued On Page 4)

Federal Savings and Loan Association, is presented annually to a person who has made significant contribution to the Mississippi Coast community.

"Although Coast Federal sponsors the award as a public service, the financial institution in no way controls selection of the winner," an association spokesman said.

"A panel of anonymous judges—distinguished residents of the Mississippi Gulf Coast—meets to review the nominations and select the winner," he continued.

"The recipient is kept secret until the annual meeting of the Gulfport area Chamber of Commerce, when the award is presented before a large audience," the association reported. Nominations are open to the public as well as institutions, with deadline set at (Continued On Page 4)

COUNCILMAN HARRY FARVE of Bay St. Louis is one of the state's approximately 250 elected officials being honored Monday by Governor Cliff Finch in his declaration of Monday, Nov. 7, as Black Elected Officials Day. A full program of events, starting at 9 a.m., is scheduled for campus of Mississippi Valley State University, Itta Bena.

Waveland growth continues

Congestion, lack of privacy bring down city fence law

by EDGAR PEREZ
The Waveland ordinance limiting fences to a five-foot height and requiring a 50 percent visibility through the fence was amended Thursday to allow six-foot, solid board fences. "We're getting more and more congested and people are wanting more privacy," said Alderman Charles

Johnson in calling for a change in the controversial ordinance.

The old ordinance was designed to allow the free flow of Gulf breezes, unobstructed by high, solid fences.

Johnson's move to amend the ordinance followed the appearance of a citizen at the Tuesday council meeting requesting a variance from the fence

requirements—a regular occurrence at Waveland council meetings.

"How do we make the distinction between those we grant a variance and those we don't," Johnson queried as he urged a change in the law.

Council attorney Lucien Gex told the aldermen a good rule of thumb for granting fence variances is to base the

decision on whether or not neighbors have any objections to a particular fence.

The council unanimously passed Johnson's amendment calling for a six-foot limit on fence heights with solid board fencing allowable.

The new law requires that such (Continued On Page 4)

Hancock faces House, Senate 10th year redistricting

By EDGAR PEREZ
The Mississippi Legislature—in a special session resulting from federal court orders to reapportion—last week created the Mississippi Reapportionment Commission in hopes of avoiding further law suits of the type which resulted in the federal orders. The legislature met in special session following an "invitation" from a three-man panel of federal judges to submit

plans for reapportionment of the House and Senate.

The plans were submitted to the court last Saturday, in accord with established deadlines. Alternate plans were submitted to the court on Monday by the Justice Department and attorney Frank Parker representing civil rights plaintiffs in a reapportionment suit.

The court invitation to submit plans

was the latest development in that 12-year-old suit which charges the legislature does not fairly represent all of the state's citizens.

The new ten-member reapportionment commission will meet for the first time "within one year of the calendar year in which the results of the 1980 census are published and every ten years thereafter."

The 10 member commission is to be

composed of: The two chairmen and two vice chairmen of the Elections Committee of both the House and Senate;

Three members of the House, one from each of the state's Supreme Court Districts, to be appointed by the Speaker of the House;

And, three senators, one from each Supreme Court District, to be appointed (Continued On Page 4)

Coast school boards give \$ lack top priority slot

by JAKE JACOB
The Mississippi Gulf Coast School Boards Association last month met to compile a list of legislative priorities and concerns.

Following the meeting the group issued a list of 16 major items for consideration by their membership and the state legislators.

Fourteen of the items, either directly or indirectly, deal with finances and two with non-financial subjects.

In sequence of listed priorities, the concerns of the school boards are:

1. School districts be permitted to share the resources of federal revenue sharing;
2. That efforts be made to produce and increase all 16th Section land revenue;
3. Adequate financing by an updated revision of the Minimum Foundation Education Program to enable all school

districts to meet at least the minimum requirements for "A" accreditations;

4. Adequate financing of the Educational Finance Commission (from \$750,000 to \$1 million) to provide for the building needs of local school districts;

5. Equalized assessment of property and a millage rate which will bring about a more equalized local contribution to education;

6. An increase in the millage ceiling of 25 to a minimum of 30 mills;

7. State appropriation for transportation of all public school children;

8. Provide adequate funds to meet the requirements of Public Law 94-142 at the local level;

9. Increase the supportive services from \$1800 per teacher unit to \$2000 per teacher unit;

10. A self insurance plan for school

buildings be developed for Mississippi school districts;

11. A change in the laws to permit bond issues to be passed on a simple majority vote;

12. A system of tax sharing to enable districts to participate equally in tax revenue;

13. Permit teachers to share with other state employees health benefits or provide a minimum of \$300 per teacher unit for supportive services to help districts defray the cost of health insurance;

14. Provide state funds for sick leave benefits now supported by local districts;

15. Change the time and place for election of school board trustees of annexed areas and for other related purposes;

16. The one set of school laws be made applicable to all school districts.

The action of the Coast group closely parallels that taken by the Mississippi (Continued On Page 4)

Coast unemployment rise reverses seasonal trend

By EDGAR PEREZ
A rise in the Mississippi Gulf Coast unemployment rate for September over August this year reversed a long

established trend of decline in unemployment when school opens each year.

The Mississippi State Employment Service attributed this year's September unemployment increase to "...some declines in construction caused by major contract completions."

Figures for September show a 6.7 percent unemployment rate for the tri-county metropolitan statistical area comprised of Hancock, Harrison and Stone Counties.

Of a total civilian labor force of 61,130, some 4,100 were out of work during the month.

The 6.7 percent figure represents an unemployment rise of 12.3 percent over the previous month (August, 1977), and a 0.2 drop in unemployment compared to the same month last year (September, 1976).

Pass Pirates signed to 14th Jaycee Bowl

by JAKE JACOB
The Pass Christian Pirates have been signed to play in the 14th Annual Jaycee Bowl set for Saturday, Nov. 19, in Long Beach.

The signing marks the fifth straight year Coach Bob Rogers' team has played in bowl games following regular season tilts, the Pirates have appeared in five bowls in the last four years.

The Pass will be "home team" in the game that pits them against the Columbia Wildcats.

The Wildcats have a record of 5-3 versus the Pirates' 7-1 count at time of signing. The Pirate win on Friday upped their count to 8-1, with a lone game remaining - this at home against the unbeaten Hancock North Central Hawks.

Rogers said at contract time that he appreciated the invitation and felt sure his Pirates could make it an extremely competitive ball game against the tough Wildcat team.

He said his Pirates were averaging 32.7 points a game and have scored 261 points in eight games.

"We are the definite underdog but we will be in there giving it everything we've got," Rogers said.

School Principal H.T. Overby echoed the Rogers' sentiment saying he was proud to be associated with the game.

He said the proceeds would be used by the school in its athletic program and reported that the boys were very excited at the prospect of playing in the Jaycee Bowl.

PIRATE COACH BOB ROGERS signs contract to participate in the 14th Annual Jaycee Bowl, to be played Saturday, Nov. 19, in Long Beach. Gary Burt, bowl chairman, left, and Roger Anderson, president, Long Beach Jaycees, signed on behalf of sponsors. H.T. Overby, right, is principal of Pass Christian High School, home of the Pirates.

Mr. and Mrs. R.J. Guilbeau exchange vows in double ring ceremony at OLG

Miss Mary Elizabeth Garcia, daughter of Mr. and Mrs. Levente A. Garcia of Bay St. Louis, became the bride of Ronnie James Guilbeau, son of Mrs. Ella Mae Brock of Lafayette, La. and Oscar Guilbeau of Lafayette, in an early afternoon ceremony on Saturday, Oct. 29, in Our Lady of the Gulf Catholic Church.

The bride, given in

marriage by her father, wore a formal gown of silk organza featuring princess styling, a wedding band neckline, long tapered sleeves and a fitted bodice with a Victorian bib of Chantilly and Cluny lace. Tiny seed pearls embellished the bodice, sleeves and lace appliques which were strewn over the softly flowing skirt, bordered with a ruffle of lace and extending to a chapel length train. She wore an elbow length veil edged with Cluny lace held in place by a pearl-trimmed cap. The bride carried a nosegay of white silk roses, miniature carnations and lily of the valley interspersed with ribbon loops and streamers.

Jeanne Domingue of Carencro, La. attended her cousin as matron of honor. Mrs. Carol Cuevas of Bay St. Louis, sister of the bride, was bridesmaid and junior bridesmaid was Norma Garcia, sister of the bride, Bay St. Louis. Patsy Travirca, a cousin of the bride, was the flower girl.

The bridesmaids were identically attired in formal gowns of burgundy and navy, featuring a multi-colored border at the hemline and topped with deep blue flowing chiffon capelets edged with satin ribbon. They carried old-fashioned nosegays of multi-colored silk flowers with navy velvet ribbon streamers and matching flower hairpieces.

Matt Moore of Carencro, La. attended the groom as best man. Mark Garcia, brother of the bride, of Bay St. Louis was groomsman. Ushers were Donny Haas, Kiln, cousin of the bride, and James Domingue, Carencro, uncle of the bride.

Following the ceremony, a reception was held at the Knights of Columbus Hall in

Bay St. Louis. Blue skirted reception tables were decorated with arrangements of blue and white flowers. The bride's table featured a four tier wedding cake with white sugar spun roses, flanked with arrangements of white carnations, pom-pom chrysanthemums and lighted tapers. Standing baskets of white blossoms and palm greenery completed the decor.

Mrs. Garcia, mother of the bride, received guests wearing a formal gown of carnation pink with long tapered sleeves and V-neckline. She chose silver accessories and a white orchid corsage completed her ensemble.

Assisting at the reception were tea girls Melanie Cuevas, Bay St. Louis; Tammy and Debbie Haas, Kiln; and Alma Brock, Lafayette. Presiding at the guest register was Lisa Travirca of Waveland.

For traveling, the bride chose a medium blue vested pantsuit, pale blue blouse, accented by a corsage of white carnations trimmed with blue.

Following their honeymoon trip, the couple will reside in Lafayette.

DEBRA ANN GUILLOT

Guillot-Johnson
to exchange vows
in Lumberton

Mr. and Mrs. Sidney Paul Guillot of Lumberton announce the engagement and forthcoming marriage of their daughter, Debra Ann, to Craig Robert Johnson, son of Mrs. Marie Johnson of Bay St. Louis.

The couple will exchange vows on Nov. 26 at 6 p.m. in the First Baptist Church in Lumberton, with a reception following at Wolf River Ranch. Friends and relatives are invited through this medium.

AUTHOR TO SPEAK

Dr. Margaret Walker Alexander of Jackson, author of the best-selling Civil War novel "Jubilee" and a number of other books, will speak at The University of Mississippi, Tuesday, Nov. 15. The 6:30 p.m. lecture by Dr. Alexander, also professor of English

and director of the Institute for the Study of History, Life and Culture of Black People at Jackson State University, is part of an Ole Miss Religious Emphasis Speaker Series on literature, religion and theatre.

People People Helping

Although we're very proud of our new facilities, we know that people are the most important element in funeral directing.

Our Bay-Waveland funeral home is managed by a local person who resides on the premises, with a local staff and the help of 28 experienced professionals at our other locations.

THE OLE PASTOR SAYS...

ALCOHOL IS OUR NUMBER ONE DRUG PROBLEM! Neither the warning of the medical profession, the pleading of law enforcement officials, nor the counsel of God, deters our society from the continued and increased consumption of alcohol as a beverage.

In 1933 the 18th amendment to the constitution was repealed by the U.S. Congress. Like manipulated puppets, we joined in singing "Happy Days Are Here Again." Now some 44 years later, we sadly realize that we should have been singing "The Worst Is Yet To Come." What has been the results of making booze legally accessible and advertised as the "in thing for the smart set?"

Estimates of recent studies on the subject informs us that we now have near 10 million problem drinkers in America. These not only disrupt their own lives but also affect as many as 40 million family members and friends.

Absenteeism, low productivity, poor judgment, inefficiency in general - all these effects of problem drinkers cost business and government (tax-payers) an estimated 10 billion dollars a year.

That is not all! There are more than 25,000 alcohol-related traffic fatalities, 15,000 alcohol-related homicides and suicides, 20,000 other fatalities due to alcohol-related accidents, and 2 million arrests for simple drunkenness are recorded every year.

Despite all its defenders, booze has no legitimate defense. One out of every 10 U.S. workers is an alcoholic, resulting in an estimated \$25 billion-a-year drain on the economy.

With all these statistics, as depressing as they are, the baneful influence of alcohol, and its human consumption, is not fully reflected. Its destruction is measured in human misery, moral deterioration, spiritual decline and mental depression. It leaves behind the tortured memories of sins of drunken experiences and blighted hopes of untold millions dashed in despair.

The sordid history of man and alcohol has been written in blood, gore and corruption. But one thing seems crystal clear: we have ignored the lessons of history.

The nation's experience with it condemns it; its wretched victims curse it; law enforcement officials call it the handmaid of crime; medical experts blast it as the harbinger of disease and poor health; historians herald its deceit and destruction; common sense cries out against it; and the Word of God condemns it in strong language. Why do men consume it?

"Wine is a mocker, strong drink is raging; and whosoever is deceived thereby is not wise" (Prov. 20:1). - L.S. Walker

How kooky are Laws

According to an Associated Press story this week, a Judge gave a convicted murderer a term from 1,000 to 3,000 years in the penitentiary. The sentence, AP says, is the longest ever imposed on a person in the state of Illinois.

The jail term sounds severe, but the story closes with this, "state parole board officials said that counting his time already served, he (the criminal) will be eligible for parole review in nine years and nine months."

We feel the idea that such a person could be eligible for parole in such a short time for a crime committed on June 3, 1973, is kooky. The story says that the alleged criminal was 17 at the time of the crime and was below the legal minimum age in Illinois, hence he escaped the death sentence.

The crime committed was the killing of a young couple while the alleged murderer made them lie on the ground and take their last kiss, and now we learn a person who would do something like this could be admitted on our streets only 14 years later.

Some of us will say this is an isolated case, believe us it isn't. Similar crimes are committed every day in our nation, and the only ones that suffer are the families of the victims. The criminals serve only a few years and are left out on the streets to commit more crimes.

The time is now for us as a nation to wake up and have the laws reversed that favor the criminals.

We need to push our lawmakers, (but the trouble is that most of them are lawyers that make their living defending the criminals) into correcting these criminal favored laws.

\$ lack...

School Boards Association, who meeting earlier in the month also set forth a set of "principles" originally adopted by the 1976 delegates assembly.

1. The Legislature should provide an increase of \$250,000 per month in income of the State Educational Finance Commission and raise the bond limit from \$80 million to \$100 million to provide funds to which the various school districts are entitled to receive by law. EFC rules and regulations for school construction should be reviewed and revised.

2. All school boards should be given authority to set the millage levy for school district operation within legislatively established limits (fiscal independence).

3. There should be one set of laws governing school district operation applicable to all school districts. Except for the manner of selection of board members and superintendents, the statutes that apply to municipal separate districts shall apply to all districts.

4. A simple majority vote on school bond issues should be required for approval.

5. Deleted due to passage of School Employment Procedures Act (it dealt with revisions to the Fair Dismissal Act).

6. Enjoined with Principle 1.

7. There should be developed an equitable system of property assessment which shall be uniform throughout the state.

8. There should be a constitutional lay State Board of Education.

9. The Minimum Foundation Program should be expanded to provide the number of teachers and support staff (counselors, librarians, etc.) required by state accrediting standards for at least "A" accredited schools.

Additionally, the MSBA endorses the proposed changes in the Minimum Foundation Program as listed below:

Fence law...

fences "be well constructed and neat in appearance." Also, fences on corner lots will not be allowed if they obstruct the vision of motorists at intersections.

The new six-foot height limit is subject to variance in individual cases.

In other action at Tuesday's meeting, aldermen instructed City Clerk Barbara Hippold, along with City Attorney Ger, to look into the possibility of legal action to prevent continuance of a commercial greenhouse operation at the corner of Beach Boulevard and Hartley Street.

Alderman Dan Campton said he believes the greenhouse, owned by Chandler Craig, is "definitely a commercial operation," and not allowable under the in-house occupation provisions of the residential zoning ordinance.

"We certainly don't want to commercialize that beach," said Mayor John Longo Jr.

Craig constructed the greenhouse under a "temporary" permit granted by the Planning and Zoning Commission.

"The zoning board should bring that kind of thing back to us for approval," said Johnson.

Longo said "in house occupation" refers to such people as doctors, dentists, photographers, and others who may reasonably practice their profession from their homes.

"We definitely need to stop him before he goes any further," Johnson said.

In a subsequent meeting, building permits board instructed Ger to

(Continued From Page 1)

a. One additional teacher unit to be added to each elementary school, as identified by the State Department of Education, for the purpose of assisting schools to meet Class A accreditation standards in elementary physical education, music, and art;

b. The addition of librarian(s) per school enrollment;

c. The addition of one-half time guidance counselor per secondary school to assist schools to meet Class A accreditation standards;

d. One additional teacher unit to be added to each secondary school as identified by the State Department of Education to be assigned specific teaching responsibilities to assist schools to meet Class A accreditation standards that require a school to provide the following curricular opportunities on an organized basis: health and physical education, music, and/or art. (Each of the above sub-titles was provided with a breakdown of teacher appointments vs. enrollment).

10. The school board receiving monies from 18th Section lands should be the board responsible for leasing. The school board should have the same privileges as individual land owner would have in the leasing of 18th Section lands.

Land use arrangements should be made through leases or negotiated agreements, whichever would be the most fiscally advantageous to the school board.

The school board should have the authority to classify the land to bring the best yield and that this might be done by competent persons employed to classify the lands.

11. Revise current statutes to allow for emergency repairs in school districts without bid.

12. Amend current statutes to allow school board members to attend regional and national educational meetings and have their expenses reimbursed from district maintenance funds.

Investigate the propriety of legal action against a Merritt Street resident who is ignoring a stop-work order issued by Building Inspector William Caddell.

Caddell told the aldermen he issued the stop-work order because construction on the site far exceeds the value for which a permit was issued.

Also at this week's meeting, the aldermen:

-Allowed the developers of Idlewood subdivision, now nearing completion, to tender certificates of deposit in lieu of a completion bond on the project.

-Acknowledged the completion by Albert L. (Pat) Schayot Jr. of a California State University course in operation of waste water treatment plants. Schayot is chief operator of Waveland's Gulfside Drive waste water treatment plant.

-Appointed Kearny Robert to a Railroad Relocation Authority steering committee which is seeking relocation and improvement of the Illinois Central and Louisville and Nashville Railroad tracks through Harrison County.

-Appointed Mrs. Frances Stork chairman of the "Miss Hospitality" commission.

-Determined it would be illegal to lend financial assistance the Hancock County Boxing Club now seeking aid from political subdivisions of the county.

-Approved a resolution expressing the council's gratitude for the efforts of the State Parks Commission and others responsible for development of a proposed wave pool at Buccannan State Park.

PROFESSIONAL IMPROVEMENT-Waveland aldermen join Mayor John Longo Jr., left, in extending congratulations to Albert L. (Pat) Schayot Jr., second from left, who completed a California State University School of Engineering course on operation of waste water treatment plants. Schayot is chief operator of Waveland's Gulfside Drive treatment plant. The aldermen are, from left, Albert Grass, Herman Yarbrough, Dan Campton and Charles Johnson. (Staff photo-Edgar Perez)

Unemployment... (Continued From Page 1)

Federal, state and local government employees, totaling 16,520, comprise the largest single group among nonagricultural wage earners in the tri-county area.

Government employee figures include workers in tax-supported hospitals and

public schools.

Workers in wholesale and retail trade number 12,050, followed by some 10,040 employed in the service industry, according to the employment service figures.

week by the board of directors of the Hancock County Chamber of Commerce.

He will be honored at the Chamber's annual banquet Monday, Nov. 14, at the Bay-Waveland Yacht Club.

Haas is a graduate and Hall of Fame member of St. Stanislaus College.

He was honored for his civic endeavors earlier this year by the American Legion.

Haas was instrumental in the establishment of McLeod State Park on the Jourdan River north of Stennis International Airport. He is a member of the board of directors of the Pearl

River Basin Development Commission.

He is an active member of Our Lady of the Gulf Catholic Church and served as chairman of the OLG school building committee.

Haas is past chairman of the Mississippi Marine Conservation Commission.

He is married to the former Gladys Durrett of Columbus. They have three sons, Norton Jr. of Tennessee and Michael and Nicholas (Mac) Haas of Bay St. Louis, and a daughter, Mrs. Gerry Cooper of New Orleans.

Seal nominated... (Continued From Page 1)

Dec. 26, 1977.

"The only restriction is that in your opinion the person you nominate has made or is making a significant contribution to the Mississippi Coast," the association stated.

Nominations should be brought or mailed to Coast Federal Savings, P.O. Box R, Gulfport, 39501.

Seal is a native of Bay St. Louis, son of the former Rebecca Baxter and Leo William Seal.

He is a graduate of Bay High and Mississippi State University where he earned a letter in football and was tapped by Omicron Delta Kappa honor society.

He also attended the Louisiana State University School of Banking and Harvard Graduate School.

He is president of the District 24 Alumni Association of Mississippi State and a member of the board of directors of the university's Development Foundation.

Seal was discharged from the U. S. Army with the rank of sergeant after serving 20 months in the European Theater of World War II.

He is also on the board of directors of Standard Life Insurance of The South, Magna Corporation, Bank of Wiggins, and Piney Woods Country Life School.

Redistricting...

by the lieutenant governor.

The commission, at its meeting once every tenth year, is charged with the responsibility to "...apportion, according to constitutional standards, the membership of the Mississippi Senate and ...House of Representatives."

"The commission shall divide the number of members of the Senate that it recommends within constitutional limitations into the total population of the state as reported in each census to determine the number of persons to be represented by a senator," the law states.

The same procedure is required in determining how many people a member of the House will represent.

"Every district shall be compact and composed of contiguous territory and the boundary of each district shall be a single, nonintersecting continuous line and shall cross governmental or political boundaries the least number of

times possible..." the law directs.

Under the law, the legislature is bound to act on the commissions recommendations "not later than the next regular session" following the commission's completion of both plans.

"The committees to which the plans are referred shall report their recommendations to their respective houses no later than the 45th legislative day," the law specifies to prevent the delay of the commission's recommendations by a few legislators in committee.

The law establishing the commission is to be submitted to the U.S. District Court for the District of Columbia or to the U.S. Attorney General in accordance with provisions of the Voting Rights Act of 1965.

The law stipulates its own effectiveness "from and after July 1, 1978."

(Continued From Page 1)

Rhodes ...

"You would never know from talking to Rhodes about his tremendous records," Brother Bennet said.

Currently a resident of Gulfport, Rhodes is a senior purchasing agent for Litton Industries in Pascagoula.

He is married to the former Karen Dean of Pearlinton. The couple has two

sons, Brad, 2, and Chad, 4 months.

He is the son of Mr. and Mrs. Nellius Rhodes of 354 Main St., Bay St. Louis.

Rhodes is expected to arrive back in the United States at New Orleans International Airport late Monday evening, and visit his parents in Bay St. Louis Tuesday morning.

Unemployment... (Continued From Page 1)

Federal, state and local government employees, totaling 16,520, comprise the largest single group among nonagricultural wage earners in the tri-county area.

Government employee figures include workers in tax-supported hospitals and

public schools.

Workers in wholesale and retail trade number 12,050, followed by some 10,040 employed in the service industry, according to the employment service figures.

The St. Stanislaus Rock-A-Chaws edged past East Central, 6-0, for a Rock Homecoming victory. The Rocks visit big Vancleave for their final game of the season next week.

The Pirates of Pass Christian floated past arch rival Long Beach, 13-12, in Bearcat stadium. The Pirates have only lost one game this season by two points. This was to d'Iberville. The game of the year will be in Pirate stadium next Friday when they get a call from the undefeated Hancock North Central Hawks. The Pirates have signed to play in the Long Beach Jaycee Bowl.

Full stories on the victories by the Hawks, Tigers, Rock-A-Chaws and Pirates can be found on page 6-A.

By ELLIS CUEVAS

It took local high school football teams ten Fridays before all tasted victory the same night. For football it was the worst weather of the season.

The undefeated Hawks of Hancock North Central won their ninth of the season by downing Poplarville 20-6. The Hawks have one regular season game left against strong Pass Christian and will also play in the Pickle Bowl.

The Bay High Tigers shutout winless St. John, 6-0, for a Homecoming victory. The Tigers hadn't won a game since opening night, Sept. 2, against Notre Dame. The Tigers are now 2-7 and have St. Martin on their agenda to close the 1977 season next Friday.

The St. Stanislaus Rock-A-Chaws edged past East Central, 6-0, for a Rock Homecoming victory. The Rocks visit big Vancleave for their final game of the season next week.

The Pirates of Pass Christian floated past arch rival Long Beach, 13-12, in Bearcat stadium. The Pirates have only lost one game this season by two points. This was to d'Iberville. The game of the year will be in Pirate stadium next Friday when they get a call from the undefeated Hancock North Central Hawks. The Pirates have signed to play in the Long Beach Jaycee Bowl.

Full stories on the victories by the Hawks, Tigers, Rock-A-Chaws and Pirates can be found on page 6-A.

PAST PRESIDENT-Frank Ladner, left, of Bay St. Louis, and president of the Pearl River Junior College Alumni Association for the past two years has relinquished his title to George Dale of Jackson. Anne Dandridge of Poplarville was elected to serve as vice-president of the organization and will serve as president when Dale's term is up.

The peoples business

FILLING A NEED

Some 100 school systems and businesses across the state are helping their students and employees understand the benefits of a free economic system.

It seems strange that such a basic and fundamental tenet in the American system would have to be emphasized to those who benefit from it.

But, such is the case. Those 100 school systems and businesses are utilizing the Mississippi Economic Council's "Understanding Free Enterprise" Program to correct misconceptions and build confidence in our economic way of life.

The Mississippi Legislature has mandated economic education in the state's schools; yet the MEC effort is the first concerted statewide effort to expose students to the economic facts of life. It is being used in junior and senior high schools, as well as in the shops and factories of Mississippi businesses.

In fact, Mississippi business is playing a major role in this economic education effort. Most of the schools utilizing the MEC program are able to do so because a local business or bank has sponsored the program.

It is important that the future participants in our economic system understand the importance of profit, the role of government, the importance of productivity, the need for fringe benefits, the necessity of competition, and the general principles behind free

enterprise.

All of the state's schools should participate in economic education, whether or not it is the MEC program. Education can assure that economic freedom will survive.

MOTORCYCLE SAFETY

Motorcycles, because of their low initial cost and high mileage per gallon of gasoline, are the most widely used recreational vehicles in this country, with over 5.5 million being registered in 1976. The death rate per 10,000 registered motorcycles, however, is double that of other vehicles.

There are certain practices which, if followed, can help reduce the number of motorcycle accidents and lower the percentage of these which are fatal.

The motorcycle rider should:

-Be certain that the motorcycle fits. Both feet should touch the ground when the rider is seated.

-Read the owner's manual thoroughly.

-Be completely familiar with the vehicle and how it operates.

-Follow the manufacturer's recommended maintenance schedule, and check regularly for malfunctions.

-Observe all motor vehicle laws such as speed limits, turn signals, and lane markings.

-Always have the headlight on.

-Wear a helmet, and insist that all passengers wear one, too.

-Wear a face shield or safety goggles.

-Wear brightly colored clothing at night.

-Drive defensively.

A motorcyclist should not:

-Drive on wet surfaces.

-Ride between lanes of moving cars.

-Assume that motorists see him or her.

-Wear sandals or tennis shoes.

-Wear shorts or swim suits.

-Drink and drive.

"The Echo"

Bay St. Louis

Dear Sir:

The Senior Citizens Art Class of V. C. J. Center wants to thank you for the publicity given the first exhibit of their oil paintings at Security Savings and Loan Association at Colonial Plaza during the month of October.

Each week it was mentioned in your paper, and, I think this was wonderful coverage.

Thanking you again, we remain,

Yours truly,
Senior Citizens Art Class

Record is now 9-0

Hawks splash win over Poplarville

by JAKE JACOB
The Pickle Bowl bound Hawks brought it all together on Friday dumping Poplarville 20-6 before devoted fans who braved a continuous downpour of rain to witness the event.

Coach Irving Favre, who just this week signed his team to the Pickle Bowl on Nov. 18, has now brought the Hawks to a 9-0 stance, facing the Pass Christian Pirates next Friday in the final game of season play.

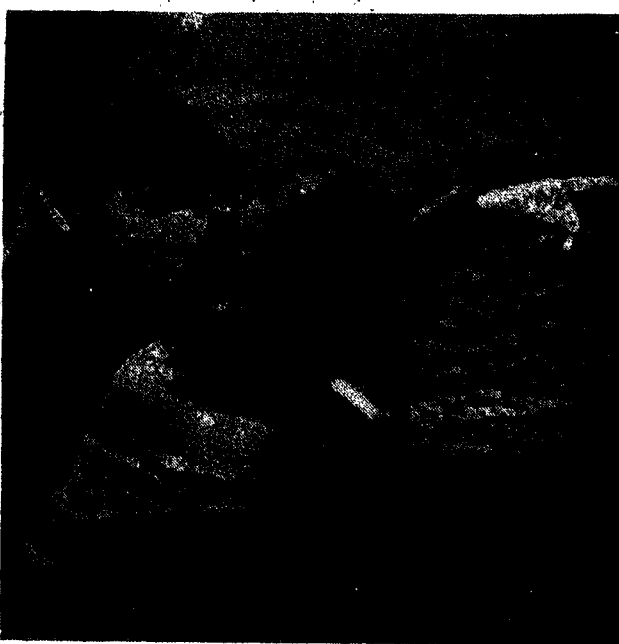

A win here will produce the magic 10-0 statistic, long sought but long missed by the Hawks.

The Hancock County champions, by virtue of their wins over Bay Senior High School, and St. Stanislaus Rock-A-Chaws, are playing away in their tilt with the Pirates, now being billed by supporters as "the game of the year."

Coach Favre said he did not intend to alter plays for either the bowl or the Pirate match but will stay with the plays that have served his Hawks "so well" this season.

Coach Bob Rogers of Pass Christian, who has a record of 8-1 this year, is equally optimistic about the outcome of next weekend's game.

Speaking of Coach Favre (Hawks), Rogers said, "Let him give his heart to the good Lord because the rest of him is going to belong to the Pirates."

Hawk Coach Favre points way

In Friday's action, Quarterback Vincent Adams scored first for the Hawks running over on an option play for three yards. The second first half TD came following a 24 yard pass play, Adams to David Clark. The golden toe of Rocky Cuevas added both sets of extra points.

In the third quarter, Fullback Jessie Draime scrambled two yards to the score zone but the conversion was blocked.

Poplarville, still fighting after three quarters of mud, rain, and a constant battering

from a strong Hawk line, put up a solid wall of blockers from one yard out and let their quarterback, Kenny Lee, score over the top. The conversion was no good.

Pirates drown Bearcats

By ELLIS CUEVAS
The Pass Christian Pirates, with a signed contract to play in the Long Beach Jaycee Bowl, came up for air with only 1:30 left in the final stanza to defeat the Long Beach Bearcats Friday night in Bearcat country, 13-12.

"We had our hands full with the Long Beach Bearcats, they are an 'AA' school and the team has matured late. Long Beach is a very large team and we are happy to come away victors," Pirate coach Bob Rogers said Saturday.

The Pirates scored in the second quarter on a 49 yard pass from Virgil Swanner to Robert Bailey. The point after by Kevin Gallagher with Pat Barnes holding gave the Pirates a 7-0 lead after Long Beach scored in the first quarter and the PAT failed.

In the second quarter Long Beach was driving and were stopped by a pass interception by Macky Dedeaux.

On the final drive of the game, the Pirates scored on a 10 yard run by Gene Lang. The Pirates won the game 13-12.

which failed.

The Pirates second score came in the fourth quarter when Gene Lang went in from the four yard line.

"With three minutes left, the Pirates took over on their 15 after stopping Long Beach with a fourth and two. The turning point of the game was our defense stopping that Long Beach drive and turning the ball over to our offense.

Our offensive unit was able to reach back for reserve strength to drive the 85 yards it took for the score and victory," stated Coach Rogers.

Rogers added, "A 34 yard pass from Virgil Swanner to Floyd Dedeaux and a 26 yard scamper by Gene Lang were the two big-gainers in the drive that gave us the victory."

After the Pirates scored with only 1:30 left in the game, the Bearcats had a drive going but was stalled with a pass interception by Robert Bailey that put the game in the victory column for the Pirates.

"It was a very exciting game" and all of the Pirates are happy with the big victory over their arch-rival from Long Beach. It took a whole

team effort to win this one," Coach Rogers said in praise of his team and coaching staff.

Sophomore Gene Lang who weighs in at 175 and is a 10 flat runner put together runs that totaled 123 yards for the night and Coach Rogers says that his whole backfield will return for next season.

The Pirates now 8-1 for the season will play host next week to unbeaten Hancock North Central Hawks. The game will be for the championship of the area as the Pirates and Hawks have the best record in this paper's area of coverage.

The Pirates and Hawks have both been favored with post season bids and would like a victory in their final regular outing to take with them to their prospective bowl engagements.

Kergosien gallops 46 yards for score

Rocks squeak by wet Hornets

By ELLIS CUEVAS
The Stanislaus Rock-A-Chaws squeaked by the East Central Hornets, 6-0, for a Homecoming victory Friday night.

Running back Bill Kergosien galloped 46 yards with only one second left in the first quarter for the lone official score of the game. The point after by Charles Armato was wide.

In the closing minutes of the game, East Central had seven cracks at the goal inside the Rock five yard line. The Stanislaus defense arose to the occasion and kept out the Hornets, even after giving them a first down after a fourth down and goal pass attempt, that was ruled defensive interference, and gave the Hornets a first and goal at the one and a half yard line. On the Hornets third attempt after the gift first down and goal, Randy Santa Cruz grabbed a fumble in mid-air and moved out to the five yard line with only 36 seconds left in the game.

The goal line stand by the Rock-A-Chaws was the best defensive effort of the season, team tackling was the key in keeping the Hornets from pay dirt.

The game was played with drizzle and rain throughout, during the fourth quarter the rain really began to come down.

The wet field hampered the running and passing of each team with players slipping throughout the game.

The Rocks threatened in the second quarter for another TD on a long drive that was stalled by a turnover on the Hornet one foot line, then a personal foul moved the ball

out to the 15 to give East Central breathing room.

The Rocks threatened in the third quarter when they moved to the Hornet 18 and Charles Armato tried a field goal that was wide.

Armato faked a field goal in the fourth stanza when quarterback Peter Bernheim tried a pass on fourth down that was incomplete from the Hornets 19 yard line.

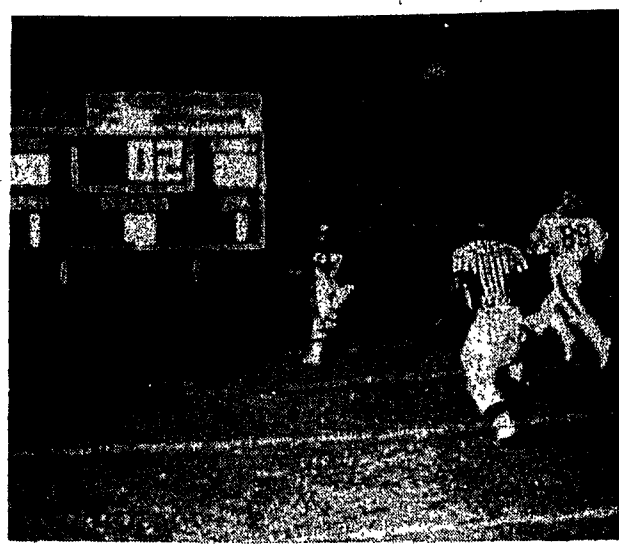

It was from East Central's own 20 yard line after the fake field goal they moved down the field on some fine runs by Norris Simmons. The ball was at the Rocks three yard line before the Stanislaus defense tightened up and held back the Hornets at the close of the game.

The Rocks had a touchdown in the third quarter when Bernheim hit Jay Rousseau with a 24 yard TD, called back because of illegal motion against Stanislaus.

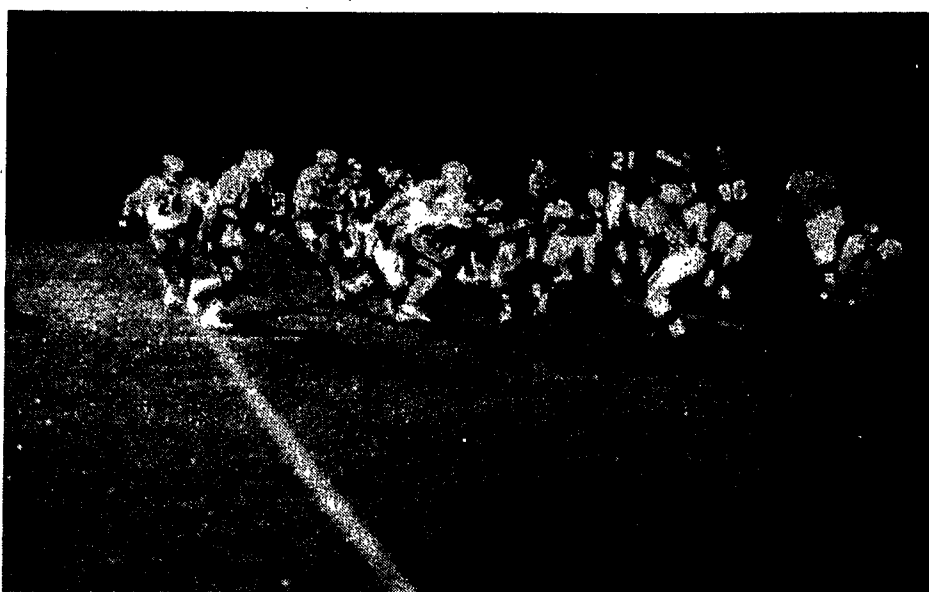

Bill Kergosien gained 30 yards the first offensive play of the game for the Rocks. Kergosien rambled for 150 yards on the wet field to make it the fourth game in a row for him to pass the 100 yard mark.

Coach Bill Poole's Rocks, a whisker over 500 with a record of 4-4-1, will have to be victors next week when they journey to Vancleave to close out with a winning season.

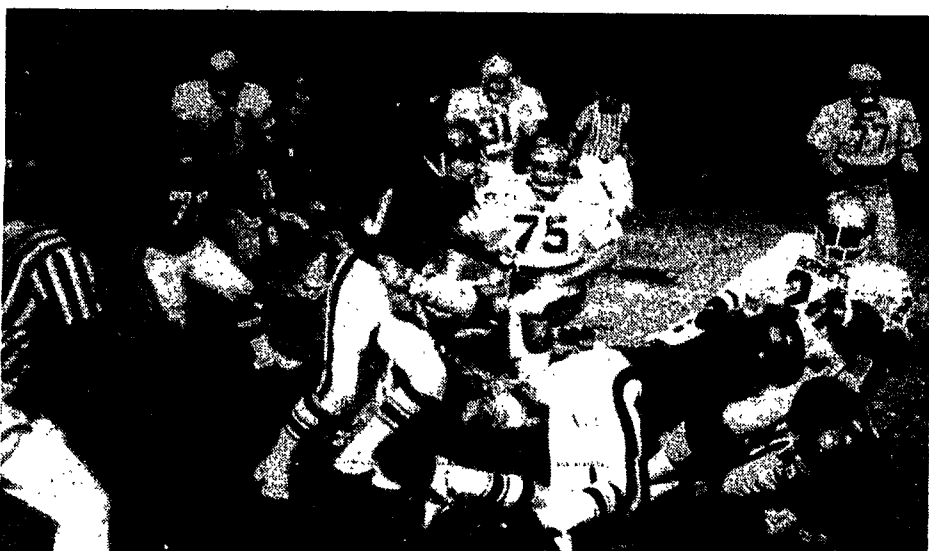

STATISTICS	
East Central	St. Stanislaus
6 First Downs	6
117 Rush Yards	201
14 Pass Yards	69

ONLY SCORE OF THE GAME—Bill Kergosien, No. 27, races for goalline on a 46 yard gallop, all the St. Stanislaus Rock-A-Chaws needed for a victory over the East Central Hornets Friday night. Kergosien scored with only one second left in the first quarter; he mustered a total of 150 yards on the ground during the wet slippery night. (Staff photo - Randy Ponder)

THE PLAY OF THE GAME—With the goal post in the background Randy Santa Cruz, No. 33, with ball caught in mid air on a fumble when the Hornets were knocking at the door for a score, returns ball to Rocks five yard line to stop East Central drive with only 36 seconds left in game. The Rocks won 6-0. (Staff photo - Randy Ponder)

HORNET STOPPED—Norris Simmons, No. 24, of East Central finds the gang-tackling by the Rock defensive unit hard to run against. The Rocks scored once in the first quarter and the defense held the Hornets scoreless for a 6-0 Homecoming victory. (Staff photo - Randy Ponder)

Win hatched in rain

Tigers give Eagles a goose egg

By EDGAR PEREZ
A goal line fumble recovery by Bay High's defensive tackle Rod Stieffel proved to be the key play in the Tiger's 8-0 winning effort Friday night against the St. John Eagles.

A steady rain through most of the game produced a hard-to-hold wet ball that got away from both teams four times.

The Tigers and Eagles split the difference on fumbles after each team recovered two of its opponent's wayward footballs.

But Tiger James Coe took Stieffel's recovery over the goal line in the second quarter, and Chuck Benigno snatched up a fake kick and went in standing up for two more points.

The scoreboard was already telling the final story when time ran out on the first half.

A see-saw battle developed during the second half which saw tensions running high on both sides as the Tigers tried to get a little insurance, and the Eagles flapped their wings mightily in a vain effort to soar in their last game of the season.

Statistics show a close margin between winner and loser. The Tigers homecoming victory saw them scramble for 11 first downs to 10 for the Eagles.

At the end of the first half,

the Eagles had already racked up seven first downs to one for the Tigers. But the difference was they didn't get through a tough Tiger defense anywhere near the goal line.

Linebackers Daniel Edwards and Hewitt Parsons and end Tim Gilmore were Tiger standouts on defense.

Fullback John Sealy earned his pay Friday night when the Tigers drove for a total of 112 yards.

Dwayne LaFontaine connected with Scott Thomas, Mark Hardee and Chuck Benigno for a total of 91 yards gained passing.

"We are real proud to win our homecoming game for the students and fans," Coach Billy Rhodes said.

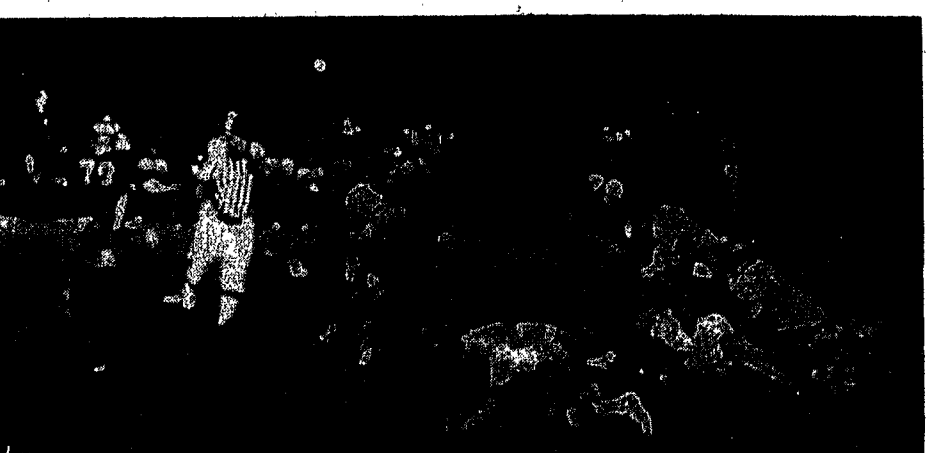

"Our boys played real well for a young team," the coach said.

Everyone returns to the Tiger squad next year except two defensive and two offensive seniors.

"And we have some good prospects coming up from Bay Junior High," Rhodes pointed out.

TIGER TOUCHDOWN—Bay High's James Coe edges over the goal line help for the only touchdown of the evening in the Tiger's 8-0 win over St. John Eagles. The score was set up by a goal line fumble recovery by Rod Stieffel. Chuck Benigno carried in a two-point conversion. (Staff photo-Edgar Perez)

TIGER DEFENSE shines in the homecoming victory over St. John Friday night as an Eagle ballcarrier is brought down for a loss by a tough Bay High line. Defensive standouts for the Tigers were Daniel Edwards and Hewitt Parson, linebackers, and Tim Gilmore, defensive end. (Staff photo-Edgar Perez)

Military Mentions

Navy Quartermaster Third Class Kenneth W. Rayburn, son of Mr. and Mrs. Talmadge Rayburn of 102 Whispering Pines, Waveland, recently participated in Exercise "Varsity Sprint" off the Southern California coast.

He is serving as a crewmember aboard the guided missile cruiser USS Long Beach, homeported in San Diego.

Rayburn is one of more than 13,000 men who took part in the 13-day exercise, which included 25 ships and 200 aircraft. "Varsity Sprint" tested and evaluated various phases of naval operations, including air, antisubmarine and surface warfare; replenishment at sea and weapons firing. The exercise was one of a series of Third Fleet exercises conducted to refine fleet tactics and provide continuous training of combat ready naval forces.

Rayburn joined the Navy in June 1975.

Obituary

LOUISE M. TOWNSEND Graveside services in Garden of Memory Cemetery were held Friday for Mrs. Louise Morel Townsend, 84, of 212 Farrar St., Waveland, who died Wednesday morning at Miramar Lodge Nursing Home, Pass Christian.

She was a retired nurse, native of New Orleans, La., and an Episcopalian.

Survivors include one son, Charles S. Townsend, Petersburg, Va.; and one sister, Vera Morel, New Orleans.

Edmond Fahey Funeral Home, Bay St. Louis, was in charge of arrangements.

Diamondhead's

Price, Snow tie Class A

Margaret Price and Ida Mae Snow tied for Class A honors at the Front Nine tournament played Thursday by the Diamondhead Womens' Golf Association.

Class B winner was Millie Rubin with Dorris Diamond being runner-up.

Margaret Paranch captured the Closest to Number Six shot.

Lots putts were also tied, this time between Gloria Forestall and Doris Watigney.

Silver Disc winner in the three day Middle Event was awarded Joycelyn Tresh from the Trans-National Golf Association.

Following the tournament the association elected their 1978 officers: Doris Watigney, president; Jo DeBever, vice president; Pat Shelton, secretary; Sylvia Pross, treasurer; Margaret Price, tournament chairman.

News in brief

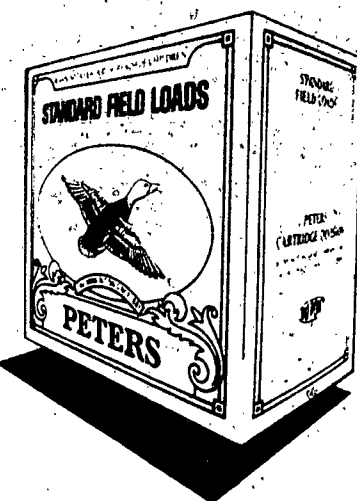

DUGAN SPEAKS
Mrs. Sandra Dugan, court administrator, Harrison County Family Court, and Mrs. Freida Kaletsch, in-take counselor, shared speaking roles this week on a four-member panel for 24th Annual Meeting of the Mississippi Council on Family Relations. Mrs. Dugan is a resident of Pass Christian.

DUNN TO APPEAR
Internationally known mezzo-soprano Mignon Dunn will perform at Ole Miss Tuesday, Nov. 15, as part of the University Artist Series. The concert is scheduled for 8 p.m. in Fulton Chapel. A native of Memphis, Tenn., the Metropolitan Opera star has appeared with major opera companies and orchestras all over the world, and has won wide acclaim for her performances in the title role of Bizet's "Carmen."

NICE RUN—Jay Rousseau, No. 40, almost breaks one for a TD but is tackled by Hornet on a last minute effort. It was a tough night for runners on the wet field when the Rock-A-Chaws celebrated with a 6-0 Homecoming victory over East Central. (Staff photo - Randy Ponder)

STEAMING THROUGH—The 66-year-old Southern Railway Engine No. 4501 will be steaming through Bay St. Louis and Waveland Monday on her way to New Orleans where she will be made ready for excursion round trips between New Orleans and Hattiesburg Saturday and Sunday, Nov. 12 and 13. For excursion tickets, write Box 4355, New Orleans, La., 70178, or call 504-835-6021.

**Southern
to change
system**

University of Southern Mississippi President Aubrey K. Lucas has announced that, after long and careful consideration, he will recommend to the State College Board that the Hattiesburg campus of the University be placed on the semester system effective fall 1978-79.

The plan is approved by the majority of the USM faculty who feel students are being short-changed by the present quarter system which does not allow enough time for study, assimilation of knowledge and acquiring of skills needed for future job success.

Most USM students oppose the change which would cut the number of courses they could take each year, but Dr. Lucas said studies indicate that students who now complete degree requirements fall quarter of their senior year without attending any summer sessions would still be able to complete degree requirements fall semester of their senior year without summer school attendance. He called on faculty members to explain the reasoning behind the recommended change to their students who had a right to justification of the plan.

During the two years the change has been under consideration almost everyone on the campus has had an opportunity to express their opinion on the matter. Dr. Lucas said he has received many letters from students and faculty members on this subject. He said he will continue to listen to the opinions of the campus community.

DO YOU DARE TO KNOW YOURSELF?

The aim of the 4-H personal development project is for each individual to use all available resources to develop to his/her fullest potential. Each person needs to think, plan and make intelligent choices.

How is your physical health? If it is good, are you taking good care of yourself so that this physical resource will remain up to par? Be honest with yourself. Do you get enough rest, sleep and exercise? Do you eat foods from the basic four food groups each day? Do you experiment with drugs? Do you smoke? Why?

How do you rate yourself mentally? Are you developing your mind to its fullest potential? Are you doing your best in school? Do you read at least one daily newspaper, magazines, books and listen to lectures, radio and television news reports to stay up-to-date on public issues? If not, why? Do you not owe these opportunities to yourself? You need to train your mind to be keen and alert to the world problems as well as to its opportunities.

How do you react emotionally to other people? Are you considerate of their feelings or are you self-centered? Do you monopolize, frustrate or dictate to others? Do you jump to conclusions before all the facts are known? Do you make rash decisions and act without sound reasoning? If so, why? In general, what is your attitude toward others - favorable or unfavorable? What makes you react the way you do?

Are you spiritually alert; that is, are you staying in tune with God? What kind of company do you keep? Who are your friends? What do you stand for? Are you afraid to stand up and be heard on controversial issues? If so, why? Do you only follow the crowd or do you think and act as well-informed individuals?

MAGNIFICENT SPECIMEN - Mark Necale, 13, of Kiln, admires this 2,300-pound Holstein shown in the recent Hancock County Livestock Show and Fair and owned by Grandy Ladner of the Necale Crossing 4-H Club. (Staff photo - Edgar Perez)

County Agent's Notes

by John Smith

BULL SALE
The ninth annual Gold Seal-Silver Seal Bull Sale set for Jackson, Nov. 10 will feature

the best group of bulls offered since the sale began in 1969. Some 28 members of the Mississippi Beef Cattle Im-

provement Association are considering 91 bulls to this year's sale. Breeds include: Angus, Brahman, Brangus, Charolais, Hereford, Polled Hereford, Santa Bertrudis and Simmental.

These are two-year old bulls that will be ready for the 1978 breeding season. The animals are highly selected and can improve purebred and commercial herds.

The sale begins at 12 noon at the State Fairgrounds in Jackson.

SANITATION CONTROLS GARDEN DISEASES

Sanitation is one of the best ways to control diseases in your home garden next year. Turning under or removing unproductive crops and weeds during the fall can help your garden next spring. This makes it difficult for fungi, bacteria and nematodes to survive during the winter.

Turning the garden soil in the fall will also expose and destroy disease-causing organisms during the winter.

WATERING HOUSEPLANTS

Overwatered and poorly drained soils are common causes of yellowing of houseplant leaves. A sudden and drastic reduction in the light level may also contribute to yellowing leaves. To prevent this, provide ample light for your houseplants and avoid overwatering plants in low light areas.

A good soil mixture will also help keep plants healthy. Light, loose soil composed of one-third builder's sand, one-third sphagnum peat moss and one-third loamy soil is a good mixture for most potted plants.

LIVESTOCK ENTRY Kent Ladner, 15, of the Necale Crossing 4-H Club puts the final touches on his entry in the recent annual Hancock County Livestock Show and Fair at the county fairgrounds last week. Lending a helping hand is Bill Goodwin of Bay St. Louis, 4-H Youth Agent.

The Rocky Hill Rambler

by 'Gweny'

255-7550

Hi, Everyone, it sure is good to be home. Your Rambler had to ramble to New Orleans this week to see grandmother, Mrs. Ruth Conway, who had another mild heart attack. Happy to report she's doing fine and will soon be coming to visit us in the hills.

Let's get our bad news over with first. We spoke to Clarence Fricks of Waveland, who is the general foreman for Mixon's Lumber Co. in our hills. He told us some vandals set fire to their tractor leaving them in a temporary bind. Sorry is the man who has to stoop so low as to hurt a man's livelihood and family with six children. The good news is that they brought in a beautiful team of 6 oxen to help them out. Their work is even better than their looks.

With the squirrel season opening on the 20th of last month, the squirrels couldn't hide from all those hunters. Melvin Ladner's son told us his father's hunting party killed 128 squirrels and 3 rabbits.

Bubba Hebert and David Barnett told us they got their limit in one hour around Bayou LaTerre Creek.

My nephews Cary and Perry Smith visiting us from Belle Chasse, La. and my son, Junior, only got three. Better luck next time. We know it's out of season but brother Russell Chisholm, Jr., shot his first duck when he was only seven years old.

Mr. and Mrs. Thomas Purser had a full house last week. Their visitors included Mr. and Mrs. James Owen of Mobile, Ala. and Mrs. and Mrs. Buddy Brinks of Nicholson. Lou told us they all

enjoyed their visit to the hills. We were sorry to hear about your accident Danny Lizana, please call gweny or Re-Run and let us know how you are.

It looks like our stork from Rocky Hill flew past the hills leaving a baby boy weighing in at eight pounds three ounces over in the Lakeside Hospital out in Metairie, La. His name tag had Kevin Gerald on it. His parents are Mr. and Mrs. Thomas Purser. Congratulations (Grandma Lou).

Well ya'll you can feel the tension and anxiety filling the air in the hills, with just two more games to championship. Everybody here is pulling for the Hawks. The fans went wild at their last game against Notre Dame, with Greg Ladner making a TD and Rocky Cuevas picking up the extra point the first quarter ended in a 7-0.

Rocky Cuevas picked up another three points with field goal. At the end of third

quarter the score was 10-0.

In the fourth quarter Vincent Adams faked a quarterback sneak for six points, threw to Mark Ladner picking up two points ending our game 18-0. The fans went wild.

All the coaches were pleased. Coach Lyle said for us to tell Bob Rogers to strap it on, the Hawks are coming.

Good luck to all!

We ran in to Jimmy Ladner the other day. He sang at a benefit dance for three year old cancer victim Shan Lizana with his band the Blue Lights. We did buy some tickets even though we had to work. We were told everyone had a good time.

The big news of the day coming from Rocky 1 Downs, the feature race was won by Fly Chick Stretch from Hattiesburg owned by Elmo Harless. This was the first time Billy Wayne's Toby's Topper was beat in a very long time. Sorry, Billy. See you at the races or church.

Above normal rainfall expected in November

Mississippi's November weather outlook calls for above normal rainfall, according to the National Weather Service report distributed by the Mississippi Cooperative Extension Service.

Temperatures will be above normal in the north and near normal in the south. Rainfall amounts should range from more than 4 inches in the south to more than 4.5 in the north. By the end of November, low

temperatures will be in the upper 30s in the north and central counties and somewhat warmer toward the coast. Highs will be mostly in the 50s and 60s.

Most stations in north and central Mississippi can expect freezing temperatures by mid-November. A day agrometeorologist at the Environmental Studies Service Center in Stoneville, who prepare the agricultural weather forecasts.

Ag Affairs by Ed Blake

RURAL METRIFICATION

The metrification of America may be the way to go - but for some of us old fashioned Mississippi traditionalists considerable bewilderment surely will ensue before we forget about "the bushel and a peck and a hug around the neck".

Now just getting around from town to town won't be any worse because we never had any signposts anyway, and from maps most of us can just sort of figure up in our heads about two-thirds of those killer meters (kilometers) and we are back on a familiar mileage basis.

But I'm not at all sure that our old pick-ups will convert as easily to new fangled liters. We've never tried them yet. I hear they are more expensive than gallons but we're nearly calloused to things going up anyway. It's the dozens of little taken for granted measures and sayings that got me worried.

When some of us get around to allowing as how somebody never grew "no taller than knee high to a grasshopper", that's when the metrics don't count anyhow or if they do we'll have to start paying less attention to grasshoppers and more to centipedes.

Come winter I'm afraid Celsius may become a real blockbuster. It took most of us quite a few decades to get the hang of Fahrenheit well enough to generally know when to add anti-freeze to an engine block or to drain it altogether when we really got a stemwinder of a freeze. Maybe, however, this complication would be offset by the much lower degree temperatures we will enjoy from July through September according to Celsius.

Football fans surely must undergo some traumatic experiences as play by play announcers try to describe meterage gains on gridirons across America calibrated in handy yardage multiples to 100. Instead of gutsy reports

on a "three yard plunge over center" we may be hearing such less eloquent descriptions as "he made whatever meterage he was supposed to make" without an effort to interpolate.

All of this is not to mention the confusion at the county courthouses. Will land sections remain sections anymore in their neat little acreage parcels, or will we have to replace them with some sort of metrification that

fits hectares? How about all the old yellowed deed books with land descriptions that range from a starting point fifty feet beyond the big gum tree to deadly accurate benchmark measures in rods, yards or feet? Would it be in the best public interest to convert all land descriptions - past, present, and future - to metrification - or require clerks and attorneys to become bilingual between the two systems. Could legal fees dare escalate to accommodate the new terminology?

What I am most concerned about is the fate of all the field cotton scales now scattered throughout the country - many now as antiques or relics and obsolete. The big pee and the little pee may be as valid as ever; but those poundage calibration notches along the weighing arm add nothing but confusion to this latter quarter of the twentieth century.

Well, one thing for sure out of it all. It's back to "grammar" school for most of us to really hone up on this metrification bit!

Pecan sales

prices told

WEEKLY PECAN MARKET NEWS RELEASE - NOV. 11, 1977

THOMASVILLE, Ga. - Southeastern Section - Demand for southern-grown pecans is holding well and prices are about unchanged. The Mississippi harvest is progressing slowly. Harvesting in Georgia, Florida and South Alabama has been curtailed by defoliation caused by several nights of subfreezing weather. The use of mechanical shakers has caused a higher proportion of "blends" and sales by variety are less frequent. Most offerings are well cured. Prices paid to growers are: Stuarts, 90 to 95 cents per pound; Natives, 60 to 65; Moneybags, 65 to 70; Schleys and Desirables, \$1.

Eastern North Carolina - Pecan trading is slow. Prices are generally higher. Most offerings are of good quality. Prices paid to growers are: Stuarts, 60 to 65 cents per pound; Natives, 45 to 50.

Oklahoma - Pecan trading is inactive. The harvest is just beginning and supplies are too few to establish a market. Most shellers rely on supplies bought from other states. Movement is expected to increase during the next two weeks.

Texas - Demand for Texas grown pecans is fairly light and trading is very slow.

KILN KORERS

with

Juanita Bennett

Annunciations annual Turkey Bowl will be held Nov. 13th in the cafeteria. The dinners will begin being served at 11:30 a.m. The dinners will be \$1.50 for children and \$2 for adults. The ballgame will begin at 2:30 p.m. The team will be playing Bay Catholic. For further information call Barbara Ann Cameron at 255-1881.

Congratulations to Freda Cuevas who is now the Godmother of Jeremy Joseph Ladner, the son of Mr. and Mrs. Ross Ladner. Jeremy was baptised in St. Stevens Church at 2 p.m. on October 2nd.

Get well wishes go out to Mrs. Dorothy Lacoste who is in Hancock General Hospital. Hope you get home soon.

We're glad to see Mr. Tommy Gonzales and Mrs. Evelyn Lott back home from the hospital.

Weekend guest of Mrs. Ella Gonzales was Mr. and Mrs. Edison. Choveest from Galliano, La.

The halloween fair that took place in Annunciations gym was a great success. We would like to thank everyone who supported it.

The Kiln Senior Citizens returned Sunday night from Nashville, Tennessee. Everyone had a great time. The group visited The Old Ryman Auditorium a recording studio in which such stars as Elvis Presley and Johnny Cash had made recordings. A tour of the country music hall of Fame was a real treat. A visit down millionaires row where such stars as Webb Pierce, Minnie Pearl, and Ronnie Millsaps live was enjoyable. The Grand Old Opry performance was a highlight seeing such stars as Little Jimmy Dickens, Roy Acuff, and Dale Reeves. The trip was concluded by a trip to Opryland on Saturday. Tennessee was a beautiful sight with all the different color trees in the mountains. The entire trip was great, but even greater was the return to good old Kiln.

Hope you all have a nice week.

The Sea Coast Echo county cultivator

Farming employment drops to new low

Farming has remained more important to Mississippi

than to most other states, although the number of people employed in agriculture and the percentage of total state income received from it have declined in the last few decades, according to E.

Nolan Waller, assistant director, University of Mississippi Bureau of Business and Economic Research.

"The total number of farms in the state has declined, but

the average size and value have increased.

"The 'new face' of agriculture is evidence that many farmers have been able to adapt to large-scale methods of production which are characteristic of many of the goods-producing sectors of a modern economy. In so adjusting, the farm sector of Mississippi's economy remains viable and productive and has the potential to continue as a leading industry 'or many years to come,' Waller said.

He reported that the number of farms in Mississippi declined from 109,000 in 1954 to 54,000 in 1974 but, following the national trend, they grew in average size. The 1974 average farm size of 267 acres was about twice the 1959 average of 135 acres.

Larger farms, those of 260 acres or more, accounted for nearly 75 percent of farmland in the state in 1974; in 1959 they comprised only 41 percent.

SOYBEAN FERTILITY PROBLEMS

Low yields, early maturity, lodging, small plants and diseased plants may all be related to low soil fertility. Many of these symptoms show up late in the season and are incorrectly blamed on weather, variety or diseases. Farmers should always take a soil sample for chemical analysis when trying to pinpoint the source of a soil problem. Many times these problems are caused by shortages in one or more of the mineral elements, especially phosphorus. Fall soil sampling for fertility can take care of these problems and save you time next spring.

White Cypress by Yvonne Ladner

A large number of young people enjoyed a Hayride on Halloween night. They left Crane Creek Baptist Church for the Hayride and then came back to the Church for a visit to the Spook House and refreshments. There were quite a few homes which also had spook houses set up. Some of the ones which we know of were: Christine Smith, Bernice Ray Saucier, and Pat Collier.

We understand that Janis Shaw is still on the sick list. We hope she will be well soon.

Happy Birthday wishes go out to Grace Harriet of Crane Creek.

The children from Kandy Kane Kindergarten were taken on a trip to a soybean field in Necale Crossing and watched the beans being combined. Each child was given a ride on the big machine.

Congratulations to the newlyweds, Raymond and Wanda Necale and Guy and Nylene Necale. Both couples were married on Saturday, Oct. 29. Raymond is the son of Mr. and Mrs. Wilton Necale

of White Cypress and Wanda is the daughter of Mr. and Mrs. Willard Favre. Guy is the son of Mrs. Betty Necale and Nylene is the daughter of Mr. and Mrs. Charles Ladner of Necale Crossing.

Don't forget the benefit dance for Little Miss Shan Lizana. It will be held on Saturday night, Nov. 6, from 8-11, at the D.A.V. Hall in Gulfport on 2nd Ave. Tickets are \$3 per single or \$6 for couples. Shan is the three year old daughter of Nylene Lizana. She is also the granddaughter of Mrs. Aline Necale of White Cypress. Shan is a cancer patient. Advance tickets may be obtained by calling Effie Cuevas at 255-1184. They may also be purchased at the door.

MISSISSIPPI WEEKLY WEATHER & CROP REPORT

WEATHER SUMMARY (National Weather Service): Rather mild weather prevailed over the state during the week ending Friday, Oct. 28. Temperatures ranged near or above normal statewide. Extremes ranged from 84 degrees at Calhoun City on the 22nd to 38 degrees at Tupelo, also on the 22nd. A cold front moved across the state on the 24th and 25th, and produced heavy rains over many sections. Meridian accumulated 3.87 inches in a 24-hour period ending the morning of the 26th. Fair skies and warm daytime temperatures provided pleasant autumn weather through the weekend.

CROP SUMMARY: Rain during the week slowed harvesting activities but was beneficial to winter grazing crops. Farmers continued to plant winter wheat, oats, and ryegrass and were repairing harvesting equipment.

Soil moisture supplies were adequate to surplus. An average of 3.8 days was suitable for fieldwork compared to 6.0 days last week and 4.1 days for the same week last year.

About 89 percent of the soybean acreage was mature compared to 83 percent last year. The acreage was 53 percent harvested, slightly behind last year's 54 percent but ahead of the average of 39 percent harvested. Rice was 95 percent harvested compared to 96 percent last year and 92 percent for the average.

The corn harvest was 84 percent completed compared to 80 percent last year and 70 percent for the average. Sorghums were 89 percent harvested compared to 83 percent last year and 84 percent for the average. Pecans were 21 percent harvested, well ahead of last year when 19 percent had been harvested. Hay crops were 98 percent harvested, average for the date, compared to 97 percent last year. Sweet potatoes were 86 percent harvested compared to 91 percent last year and 86 percent for the average. Pastures were in fair to good condition. Pecans were in fair condition.

COMMENTS:
HANCOCK CO. "Rain early part of week slowed down soybean harvesting. The last three to four days have been clear. Winter grazing crops are being put in as fast as possible."
TARRANT CO. "Farmers are still trying to harvest soybeans. Rains on Monday slowed down harvesting. Some farmers are still planting winter cover crops. Beans are making plans for 1978 crop."

OLA honor student vies for leadership training seminar

Stacie Comeaux of Our Lady's Academy, has been selected as that school's candidate for the Hugh O'Brien Youth Foundation International Leadership Seminar competition.

Representing Pass Christian High School will be Glenda Gregory, daughter of Mr. and Mrs. Richard Gregory of that city.

Miss Comeaux is the daughter of Mr. and Mrs. Carroll Comeaux of 105 Mollere Drive, Waveland. An Alpha Honor Roll student she is an OLA cheerleader, a member of Project Do, and a member of the Crescent Athletic Club.

Runners up for the honor at OLA were Delarie Ladner, Gwen Favre, and Laurie Gex.

Miss Gregory is a cheerleader, vice president of her homeroom and an honor roll student. Recipient of the PE Award in the ninth grade, she is a member of Trinity Episcopal Church and the EVC. Her hobbies include antique collecting, gymnastics, and writing.

The Hugh O'Brien Foundation promotes leadership qualities in high school sophomores. The local competition was open to all sophomores and the criteria for selection included evidence of emerging

STACIE COMEAUX leadership ability, cooperation with fellow human beings, and sensitivity to the needs of others, ability to relate to new pursuits and acquaintances, and the desire to learn and share knowledge and experience with others. The two girls will now compete with other high school representatives from Mississippi and one will be chosen to attend the annual, all-expense paid, week-long International Leadership Seminar on America's Incentive System, April 15-22, sponsored by the foundation and coordinated by Columbia University in New York City.

Pass Middle School tells 9 week honors

Adrian J. Swanier, Principal of the Pass Christian Middle School announces the following honor roll for the first Nine Weeks:

Special Honor Roll: (All A's) 6th Grade: Dora Contreras, Charles DeMetz, Lynn Niolet, Kelli Shiyon and Lori Wambold; 6th Grade: Lawrence Brown and Ellen

Kathy Cox is Century bid winner

Kathy Cox, daughter of Mr. and Mrs. Neville R. Jacob of Bay St. Louis, has won the Century III Leaders Scholarship competition at Bay Senior High School, according to Robert Magee, principal.

Runner up in the competition was Lizette Woods.

Miss Cox, 17, is now eligible to compete with other high school seniors throughout Mississippi for one of two \$10,000 scholarships and also for a \$10,000 national scholarship to be awarded in a conference of state winners in Colonial Williamsburg, Va. Entries were judged on the basis of the student's demonstrated leadership potential and viewpoints, as written on particular issues America is likely to confront and how such challenges should be met.

in brief

LIONS ALL-STATE BAND Tryouts for the 1978 Lions All-State Band will be staged Jan. 7, at Forest Hill High School, Jackson, with finals for the 252 qualifying students at the same location on Jan. 21. The band will tour the state, play at the Fiesta of Five Flags, Pensacola, Fla., and give concerts at Oxford, Jackson, and Gulfport. Applications are available from Joe Berryman, director, 2810 Prince George Rd., Hattiesburg, Ms. 39401.

WYES-TV AUCTION The 11th annual bid-by-phone auction begins 3 p.m. Friday, Nov. 4, and continues through Nov. 11. Over 2000 volunteers work to produce event and viewers may bid by phone from home on the various items being offered by WYES-TV. Public Broadcasting Channel 12.

SUN TO SHINE ON SIX The South Mississippi Sun will honor six Coast high school football players during halftime ceremonies of the 35th Shrimp Bowl Classic, Nov. 12, 6:30 p.m. Nominations for offensive and defensive players should be forwarded to the Sun Sports Department.

Art students have showing in Long Beach

The art students of Zell McMath will be exhibiting their works during this month in the Upstairs Gallery of Long Beach Public Library. Open to the public during regular library hours, the exhibition is sponsored by the library staff and Friends of the Library.

Encompassing all painting and drawing media, works being displayed are by: Ruth Lewis, Erlene Russo, Geri Gremlinton, Doris Virden, Martha Dantzer, Garnet Minglehoff, Virginia McCloskey, Mary Margaret McQueen, Fran McHugh, Bill Lang, Dan Gurneck, Ann Ladner, Vi Blakewood, Florence Koopman, and David Denmark.

Legal Notices

NOTICE TO BIDDERS Sealed bids will be opened for the following on December 6, 1977 in the Office of the Superintendent of Education, 128 Court Street, Bay St. Louis, Mississippi.

Anti-freeze-summer coolant 1 gallon containers Starter fluid, 12 oz. cans, per case Bids for the above mentioned items may be obtained in the Office of the Superintendent of Education and must be submitted to the Hancock County School Board on the form.

The Hancock County Board of Education reserves the right to reject any and all bids and waive all informalities. **PLEASE TYPE "BID ENCLOSED FOR ANTI-FREEZE" ON THE FRONT OF THE ENVELOPE.** Terry Randolph, Secretary Hancock County School Board 11-6-11-31-11-30-77

STATE OF MISSISSIPPI OFFICE OF SECRETARY OF STATE JACKSON
I, HEBER LADNER, Secretary of State of the State of Mississippi, do hereby certify that the ARTICLES OF MERGER OF:

CHURCH BUILDING & SAVINGS ASSOCIATION INTO SECURITY SAVINGS & LOAN ASSOCIATION

hereto attached, together with a duplicate thereof, were pursuant to the provisions of Chapter 5, Title 19, Code of Mississippi of 1942, and amendments thereto, filed in my office this 1st day of November, 1977, and one copy thereof recorded in this office in Record of Incorporations Photostat Book No. 239, at pages 167-173, and the other copy thereof returned to said association.

Given under my hand and Seal of office hereunto affixed this 1st day of November, 1977.

Heber Ladner Secretary of State

ARTICLES OF MERGER OF CHURCH BUILDING & SAVINGS ASSOCIATION INTO SECURITY SAVINGS & LOAN ASSOCIATION

The undersigned corporations, pursuant to Section 79-3-147, Miss. Code of 1972, hereby execute the following Articles of Merger:

ARTICLE I: Plan of Merger the plan of merger is as follows:
A. The corporations proposing to merge are Security Savings & Loan Association and Church Building & Savings Association, of which Security Savings & Loan Association shall be the surviving corporation.
B. The terms and conditions of the proposed merger are that:

1. All assets of Church Building & Savings Association shall become assets of Security Savings & Loan Association.

2. All liabilities of Church Building & Savings Association shall become liabilities of Security Savings & Loan Association.

3. All share accounts of Church Building & Savings Association of every type and kind shall become share accounts of Security Savings & Loan Association.

4. All capital of Church Building & Savings Association shall become capital of Security Savings & Loan Association.

C. All shares of common stock of Church Building & Savings Association shall be cancelled. No additional shares of stock of Security Savings & Loan Association shall be issued.

D. There shall be no changes in the Articles of Incorporation of Security Savings & Loan Association.

ARTICLE II: As to each corporation, the number of shares outstanding and the number and designation of the shares of any class entitled to vote in the class are:

Security Savings & Loan Association: 100,000 shares outstanding.
Church Building & Savings Association: 139,412 shares outstanding.

There are no special classes of stock entitled to vote as a class outstanding in either corporation.

ARTICLE III: Number of shares voted for and against the plan respectively are:

Security Savings & Loan Association: 97,000 shares voted for; no shares voted against.
Church Building & Savings Association: 139,412 shares voted for; no shares voted against.

Neither corporation has any class of stock entitled to vote separately upon the plan of merger.

IN WITNESS WHEREOF, each of the undersigned corporations has caused these Articles of Merger to be executed by its name by its president and secretary as of the 1st day of November, 1977.

Security Savings & Loan Association BY: H.C. Bailey Its President

ATTEST: Mary E. Boggs Its Secretary

Church Building & Savings Association BY: Ralph H. Hester Its President

ATTEST: W.B. Rives Its Secretary

STATE OF MISSISSIPPI COUNTY OF HINDS

Personally appeared before me, the undersigned authority in and for the county and state aforesaid, H.C. Bailey, Jr. and Mary E. Boggs, the president and secretary, respectively, of Security Savings & Loan Association, who acknowledged to me that they signed and delivered the foregoing Articles of Merger on behalf of said corporation, they first being duly authorized so to do.

WITNESS my hand and official seal, this 31st day of October, 1977.

Chris Beauchamp Notary Public

My commission Expires: Sept. 30, 1980

At Minacappelli's

Any Wednesday

by JAKE JACOB
Richard Charles Boyle, portraying John Cleves, a business tycoon and a man whose Thursday's have been marked by a noted loss of energy, learns the pitfalls of indiscretion during the presentation of 'Any Wednesday' by Muriel Resnik, now playing every weekend at Minacappelli's Supper Theatre in Slidell.

Directed by Jo Schilling, the play spreads through three acts, each better than the last, and the first is great.

Minacappelli's has a reputation for fine food and fare, and 'Any Wednesday' is certainly food for fare and a fine production.

Jinx Fawiks, playing Dorothy Cleves, scores another impressive victory over her audience, and easily earns another 'Rising Star' on the 'canopy of her P-38 of accomplishments.'

The male lead is played by a newcomer to Minacappelli's, Cas Henderson.

Henderson's role in 'Any Wednesday' does not open with a great entrance, but by the time the final curtain falls the audience is more than aware it is witnessing a truly professional performance.

The star's slot is portrayed by Joan Blum, as Ella Gordon, whose domicile in the executive suite is subject to a bombardment of problems from the very opening moments.

Ms. Gordon's solution to impossible situations is to open champagne, a tactic resulting in the frequent popping of corks (with probable corresponding hikes in production costs).

In brief the plot revolves around a sequence of disturbing errors made by an off-stage secretary, Miss Lindsley, resulting in personnel of unwanted variety being billeted at the executive suite.

Jo Schilling, recognizing the production possibilities offered by the script, has honed her cast to the sharp edge of excellence of stage movement, to where even the inadvertent winding of a telephone cord about the feet, a situation fraught with danger, was last Saturday, passed aside with barely a two-step hop.

The play will run through November 19, with the buffet line opening at 6:30 p.m. and showtime at 8:30 p.m., on Friday and Saturday nights.

Sunday matinees will be staged today and Nov. 13, with the buffet available from 2 p.m., curtain at 4.

Prior to seeing why John Cleves, "needs a double whisky," why the sale of company shares may lead to a Treasury Department in-

vestigation, why it may be necessary to "contact the simple, little people," or to hear why "a husband shouldn't leave his wife when it is all his fault..." attendees will delight in sampling the prime roast beef, lasagne, baked chicken, stuffed eggplant, broccoli with mushrooms, Irish potatoes, Italian bean salad, or salad de jour.

The theatre is on Cousin Street, and reservations can be made at 1-504-643-9671 or 1-504-643-7802.

Book Review

Ray St. Louis

by Sarah Camp

The Book of Hope
How Women Can
Overcome Depression
By Helen A. DeRoses, M.D.
& Victoria Y. Pellegrino
Bantam Books

This book depressed me. I feel that this is a significant and valuable book, but I could not identify with it until I hit the middle pages and the chapter on "Super Mom."

The medical profession over the years has slowly come to recognize the overwhelming problem of the depressed and anxious woman. This insidious disease strikes females in all walks of life, and is unfortunate product of

our century and social demands. Many of the symptoms begin "after I got married, I noticed..." How many are caused by demanding mates & how many are caused by the demands of our own expectations is a moot point.

The woman who is tired all the time for no good reason, or who is unreasonably anxious or withdrawn will find the book a solace and a guide.

A woman who is not caught in the coils of depression will find this book a common sense reminder not to put unreasonable demands on herself.

Jason Garcia

Joseph Moore

The Sea Coast Echo

"THE VOICE OF THE SOUTHWEST MISSISSIPPI GULF COAST"

Bay St. Louis, Waveland, Diamondhead, Pass Christian, Long Beach

family page

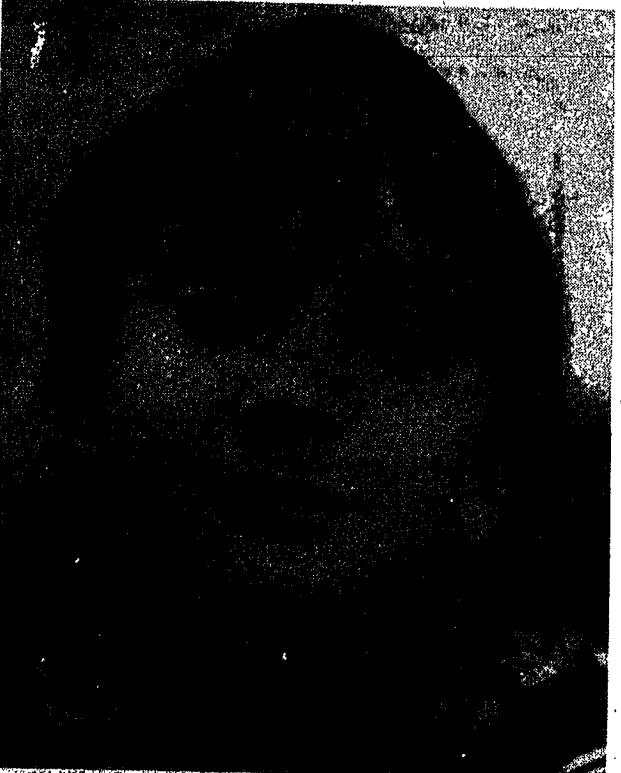

Today — Not Tomorrow
Today is ours in which to live,
Tomorrow may not come
For we are growing older,
Tomorrow's — for the Young.

Lord, help them live their todays for Thee
And strive to keep our good land free.
Lord, help them live in such a way —
That their todays can be bright and gay.

Lord, I thank Thee for each today;
Nor do I claim tomorrow as mine.
Guide me as I go my way, I pray,
For all tomorrows — They are Thine!

Blue Jeans Garden Club, at a Thursday, Nov. 17, meeting, will conduct holiday flower arrangement judging.

House adopts

Lott radio-tv coverage bill

The U.S. House of Representatives has overwhelmingly approved a resolution authored by Congressman Trent Lott, providing for radio and television of House proceedings.

Lott's resolution passed on a 342-to-44 vote and authorizes the House Speaker to act immediately to wire House office buildings, committee rooms, members' offices and other points for closed-circuit television. The legislation also directs the House Rules Committee to recommend by Feb. 15, 1978, alternative electronic coverage methods, such as network camera pools.

"There is no doubt in my mind that televising House proceedings will prove to be an invaluable tool in educating the public as to just what we do," Lott said, adding, "In addition to this, it will provide historians with an accurate account of our actions and, hopefully, will improve our image with the American people." Lott's resolution represents a significant breakthrough in efforts to provide the country with live audio and visual coverage of the House. The Fifth District congressman is the ranking Republican member of a seven-member subcommittee of the Rules panel, to which recommendations on alternative coverage methods probably will be assigned.

"This resolution contains safeguards which prohibit the use of the coverage for any political purpose," Lott said. "Nor can it be broadcast with commercial sponsorship except as part of a bona fide news program or documentary."

After the Rules Committee reports its recommendations, Lott said, the Speaker is required to implement a system to provide complete and unbiased audio and visual broadcasting coverage.

"If this coverage is conducted in a manner which presents both sides of every issue as fairly as possible, this nation will profit from our approval of this resolution," Lott said.

Teddy Bilbo elected Jaycee head

Teddy Bilbo has been elected president of the Bay St. Louis Jaycees, replacing Jay Rutledge, who resigned the office due to his accepting a position with the Internal Revenue Service in North Carolina.

Bilbo, 31, a resident of Bay St. Louis, is a writing agent for the Farm Bureau Insurance. Married and the father of two children, he has been with the Jaycees for the last seven years. Several years ago he captured the First Timers Award at the Mississippi State Jaycee Convention.

The Bay Jaycees now have 43 active members and young men interested in joining may do so at the next regular session scheduled for 7:30 p.m., Sept. 9, Civil Defense Headquarters, Valena C. Jones Community Building, Old Spanish Trail.

UM TO SSC

Micki Mustin, an admissions counselor with the University of Mississippi, will be at St. Stanislaus High School at 11:45 a.m., Nov. 10 to answer students' questions about Ole Miss.
